

HB 6243

As a Thai yoga practitioner I believe that Thai yoga practitioners should be licensed massage therapist and disagree with the The new bill, HB6243 which was raised by the originator of HB5455, in response to complaints from her constituents who are currently calling themselves Thai Yoga Practitioners. House Bill 6243 provides a "technical change" to the statutes, removing the term, "Thai Yoga" from the law.

Thai Yoga should indeed be included and not removed from the present statutes.

Thank you,

Karen Rose Hersher

Licensed massage therapist Ct/NY
